PURIFYING, REFINING AND SLIMMING BODY TREATMENTS

Skin is the body's largest organ, which is why it should be nurtured in this unique way. Giving you the opportunity to experience the best, select one of our exceptional treatments each offering a variety of solutions for the body.

JEAN JEFFREY SIGNATURE SALT OR SUGAR SCRUB
\$110/\$170 (50/80 min)
This exfoliating all over body treatment uses our signature made in house, organic scrub of your choice. The scrub is vigorously applied to the skin then accompanied by a warm shower and a luxurious crème lotion application.

FIRMING AND TONING MUD WRAP...\$120/\$180 (50/80 min)
This wrap stimulates your body's ability to break down fat, increase metabolism and eliminate water retention. Your treatment begins with an all-over dry body exfoliation to prepare the skin to soak in our Firming-Sea Mud. Once the mud is applied, the body is wrapped in a thermal blanket to help stimulate blood flow. Following a warm shower, a warm moisturizing body oil is applied. This treatment leaves skin feeling vibrantly tightened and toned, with a healthy glow.

BLACK BALTIC DETOXING MUD WRAP...\$120/\$180 (50/80 min)
Organic silts are collected from deep underneath 30,000 year old fresh water lakes in Eastern Europe creating a luxurious black crème mud. Your treatment begins with a dry brushing exfoliation to prepare the skin for a generous application of mud. Once the mud is applied, the body is wrapped in a thermal blanket. Following a warm shower, a hydrating application of warm shea body moisturizer is worked into the skin. This treatment helps to promote detoxification of the skin, extract pore clogging impurities and improve skin texture.

CELLULITE BE GONE CUPPING...\$135/\$165 (50/80 min)
Fight the appearance of cellulite using modern cupping techniques, focusing on problematic areas of the body. Suction is applied to the skin and the reverse pressure causes cellulite to break up. Blood circulation is stimulated, releasing fat and toxins into the lymphatic system, these toxins are quickly eliminated from the body. Cupping also eases the cords connecting the skin and muscle, so fluid build-up is reduced and the skin develops a more cellulite-free healthy appearance. For maximum results, participating in a series of treatments is recommended.
